

Cell Renewal Day Cream

Antioxidant Day Time Moisturizer

Grape Stem Cells | Oligopeptide | Sodium Hyaluronate

DESCRIPTION: A luxurious daytime moisturizer that is lightweight yet concentrated with powerful free radical exchangers which enhance skin moisture and encourage the proliferation of healthy, new cells.

Effective natural ingredients and free-radical exchangers such as Sodium Hyaluronate, Grape Stem Cells, Olive Leaf Extract, Ceramides, and Ginseng help to slow the signs of aging and decrease the appearance of fine lines and wrinkles caused by environmental abuse and oxidative stress. Skin texture is improved and skin is softer and more hydrated.

FEATURES AND BENEFITS:

Protect Against & Reverse Aging with Grape Stem Cells | *Vitis Vinifera* (Grape) Fruit Cell Extract protects skin against the harmful effects of skin stress caused by UV radiation, responsible for 80% of skin aging, with epigenetic factors and metabolites. It delays the biological aging of essential cells as well as fights photo aging. The cell extract has an extremely high anthocyanin content which is high in powerful antioxidants and has free radical scavenging capabilities.

Improve Skin Texture | Borage Seed Oil, Green Tea Extract, Sodium Hyaluronate, Niacin, Ginseng Extract, Rosehip Fruit Oil and Ceramides help to heal damaged skin, add needed moisture and improve skin texture.

Hydrate and Soften Skin | Hibiscus Extract, Olive Leaf Extract, Licorice and Grapeseed Extract help to hydrate and soften skin. Hydrolyzed Soy Lecithin, Glycine Soja, Corn Gluten Amino Acids and Oat Kernel Protein help to moisturize skin while acting as anti-irritants.

Soothe Skin | Aloe Vera Gel, Hazelnut Oil and Squalane soothe skin and provide immediate comfort.

USAGE: Use in the morning after cleansing, toning, and applying serum. Smooth onto face, neck and décolleté until absorbed. Follow with sun protection.
